EXPERIENCE

OLX GROUP

JUNIOR SOFTWARE ENGINEER

Lisbon, Portugal

JAN 2023 – PRESENT

Currently working as a backend engineer in web development for the Motors department.

- Develop scalable code, correct bugs, and maintain services.
- Writing meaningful documentation such as design documents, setup guides, diagrams, and others.
- Defining smart OKRs, understanding prioritization, and actively participating in my team's decisions.

OLX GROUP

SOFTWARE ENGINEER TRAINEE

Lisbon, Portugal

JUL 2022 – JAN 2023

Worked as a backend engineer for the Polish online marketplace Otomoto.

- Developed code for several Microservices as well as a big legacy codebase.
- Wrote documentation and worked with technologies such as Golang, PHP, Typescript, Terraform, Git, AWS, GraphQL, New Relic, JIRA, Confluence, SQL, and others.

ACTIVITIES AND ENTREPRENEURSHIP

LENDME

FOUNDER

Cascais, Portugal

SEP 2021 – DEZ 2021

- Created a consumer and investment credit business targeting clients aged 18-22 years old
- Generated 12.22% ROI since Inception.

TUTORING

TUTOR

Cascais, Portugal

SEP 2020 – JUN 2021

- Tutored 3 students on Python and Java, improving their grades by an average of 3 points (grades ranged from 0 to 20 points).

CASCAIS RUGBY

FULL-BACK (15)

Cascais, Portugal

SEP 2011 – APR 2018

- Played for Cascais from 11 to 18 years old balancing a 10-hour training schedule, games, and school schedule during the week.

SOCORRER A LINHA DA FRENTE

VOLUNTEER COORDINATOR

Lisbon, Portugal

JAN 2021 – MAR 2021

- This project consisted of aiding healthcare professionals and patients during the peak of the Covid-19 pandemic in Portugal.
- As a volunteer coordinator of the SLF movement, my role was to help manage volunteers in the Cascais area as well as the hundreds of donations received, such as food, drinks, and hygienic supplies, so they could be later delivered to hospitals in an orderly fashion.
